Most of the questions I receive on my website AskPrepper.com are about EMP's and Faraday Cages. What I realized is that there are a lot of EMP myths generated by movies and even some internet sources. The situation is so bad that the United States Air Force Space Command commissioned Bill Nye to ...

Nutrition is the science that interprets the interaction of nutrients and other substances in food in relation to maintenance, growth, reproduction, health and disease of an organism. It includes food intake, absorption, assimilation, biosynthesis, catabolism, and excretion. The diet of an organism is what it eats, which is largely determined by the availability and palatability of foods.

Global warming is a long-term rise in the average temperature of the Earth's climate system, an aspect of climate change shown by temperature measurements and by multiple effects of the warming. The term commonly refers to the mainly human-caused observed warming since pre-industrial times and its projected continuation, though there were also much earlier periods of global warming.

ONLINE MEDIA NOW False Flags are staged events to discredit some group. Example: Jews in Poland, after a planned delay, attacked Germans to cause Hitler to attack Poland—probably planned. All the western Jewish media shrieked at Hitler, but did not mention the Jew puppet Stalin when he did the same.
